

MIGRATION GUIDE

You are the proud owner of a Travel Club

but you feel stuck with your
current solution provider?

Are you looking to increase your
revenue opportunity, own your
customers, diversify benefits or
scale with the right technology?

4 EASY STEPS

01.

Let's Assess Your Goals and Needs with a Specialist

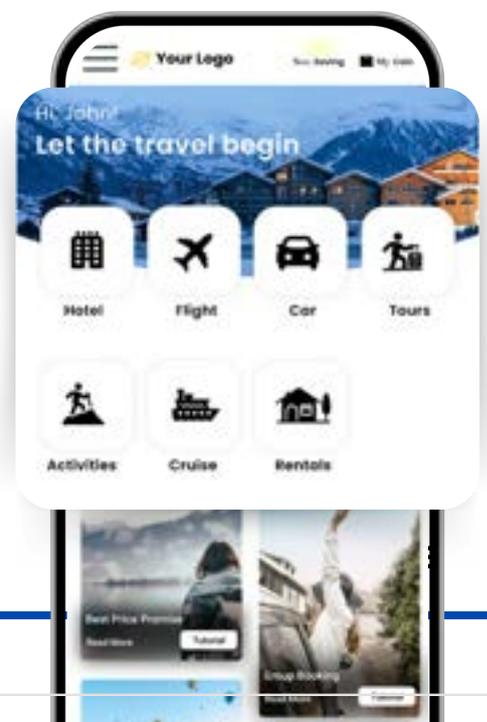

In under an hour, we will audit your current solution in terms of UI, features, benefits and customer support.

Our goal is to determine together your key pain points as a business owner, but also potential blockers to building a long lasting and profitable relationship with members.

02.

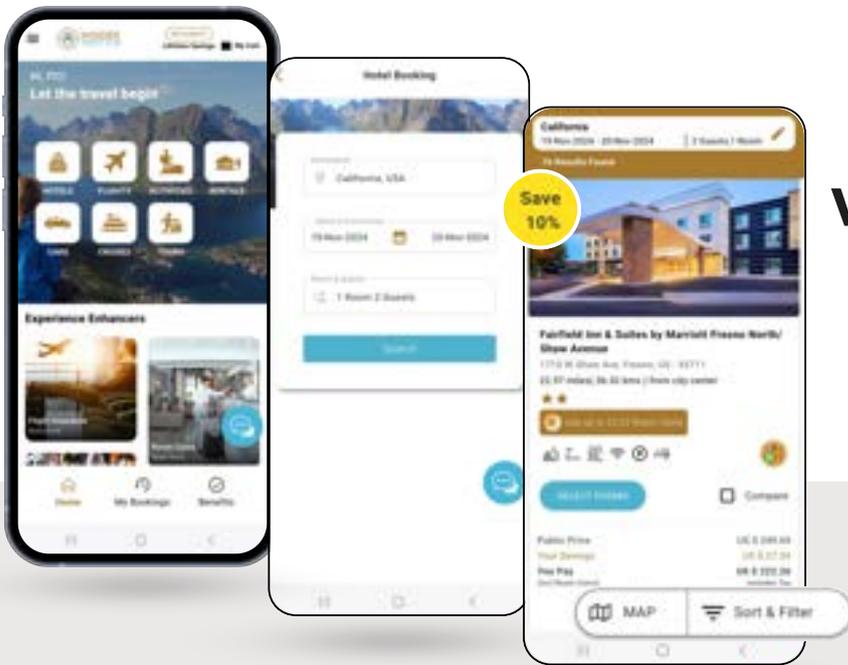

Receive Our Solution Plan in Under 24h

Our team will share a detailed schedule outlining the solution, a financial proposition, integration possibilities (API ready, including for SSO), key milestones and phases of the migration process

03.

Validate the Proposition and Start Your Onboarding

Custom Travel Solutions will dedicate all necessary resources to ensure your migration is completed efficiently in under a **week**.

Our team will support you from importing your member data to providing comprehensive product training to coordinating your communication plan with members.

04.

Go Live and Start Generating the Revenue You Deserve!

In just under 10 hours of your time, we will seamlessly migrate your club, setting you up to scale and achieve the recurring revenue you deserve. Your dedicated account manager is available daily to help you with any questions or future enhancements. As a valued customer, you'll receive monthly updates on platform optimizations and curated content relevant to your business.

Our Stack of **Loyalty-Ready Solutions**

Member-Only Travel Booking Engine

Fully branded travel booking platform with our exclusive member-only pricing & customizable benefits catalog.

Accommodations API

The broadest API connects over 3 million accommodations sourced through our strong supplier connections, including over 800,000 properties with unique closed user group rates.

Travel Benefits

Choose travel benefits your members need from a wide range, including airport lounge, e-SIM, and a personal concierge

White-label Ancillaries

Our ancillaries, including our cruise, car rental, tours, and activities inventory, are available as stand-alone integrations for your platform.

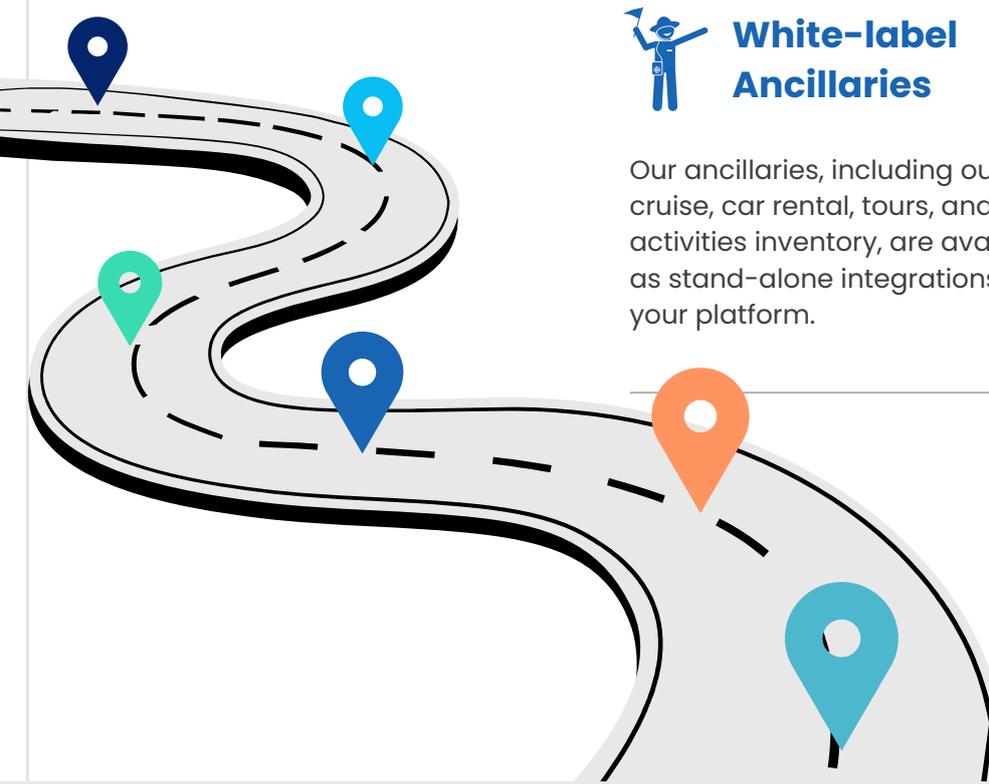

Loyalty Currencies & Redemption

Point accumulation and redemption are possible within one platform, and you can also connect your own currency for earn and/or burn

Referral Program

Built-in referral program to encourage word of mouth amongst your members.

We are looking forward to taking you to the next level!
